

## **Second Hand Yoga Clothes**

It makes me sad and hollow to see  
The commercialization of yoga  
Happen in a way  
That dries up my soul  
With nice clothes  
And fancy appearances  
When yoga is everything but that  
An internal space  
And a deep part of who I am, my life  
Perhaps I should offer myself as an example  
And wear  
Second hand yoga clothes
