

## **WRITE about me for acu**

I'm a deep-watered soul  
introspective reflective  
earth kneeler  
sourced healer  
genuine believer  
intuitive feeler  
a sunshine lover  
total hugger  
moonscape bower  
oceanside awe-er  
wave rusher  
water toucher  
log sleeper  
sun seeper  
star dreamer  
dirty door cleaner  
relaxation and purification seeker

I took the dive that cannot be untaken  
took the path that will never be shaken  
Not taken for granted  
Just taken advantage  
of the life opportunities  
given me, by the grace and love and generosity  
of others, and my own hard work  
dedication, initiative, sweet steps on the earth

Cleansing the doors of perception  
allowing inner rivermaps to flow  
harmony in self and world  
being here in presence  
without judgement  
everything is everything

keep learning your whole life  
and live with integrity -  
ethical, physical, spatial
